DROPS DEAD  
IN STORE.Sir Clifton Robinson  
Dies Suddenly.Noted English Engineer Is  
Stricken on New York  
Street Car.Famed as Builder of London  
and Early Los Angeles  
Electric Lines.End of Notable Scientific  
Career Comes While on  
American Tour.

(BY DIRECT WIRE TO THE TIMES.)

NEW YORK, Nov. 6.—[Exclusive Dispatch.] Sir Clifton Robinson, one of the greatest engineers in the world, the man who built the United States Electric Railway in London and who a few months ago was working on a plan for a \$10,000,000 street railway in the Philippines, was stricken in a street car tonight and died a few minutes later on the floor of a Lexington avenue drug store.

After his retirement last winter as engineer and director of the London Tramways and his return from the Philippines, Sir Clifton came to this country to obtain the necessary concessions from Washington. He was working on these and similar matters when he arrived at the Waldorf Saturday with his wife, Lady Mary.

Today Sir Clifton ate a hearty meal and then with his wife went to the home of his brother-in-law, Shaw Martin, No. 350 East Eighty-third street, where he ate a light luncheon. Physicians thought that the two meals brought on an attack of acute indigestion, which was followed by cerebral hemorrhage.

FALLS IN CAR.  
Mr. Martin went with Sir Clifton and his wife to a Lexington avenue car which they boarded at Eighty-first street. At Sixty-seventh street Sir Clifton, who was 62 years old, complained of pain. A few moments he toppled over.

At Sixtieth street he was assisted by his wife and passengers into a drug store at No. 750 Lexington avenue. There he was laid on the floor while Lady Mary held his head in her lap.

Calls were sent to physicians of the neighborhood and an ambulance was summoned from the Presbyterian Hospital. When Dr. Sampson arrived from the hospital the man was dead.

Sir Clifton was born at Birkenhead, England, in 1848. As a lad of 12 years he collected fossils on the first tramway built in Europe. This was constructed by George Francis Train at Birkenhead.

EARLY LINE HERE.  
From conductor he passed through the various grades quickly and became an engineer. He came to America and in Los Angeles built one of the first electric lines.

He designed and built the London Tramway system and lines to Bristol and other English cities. In 1893 he was prominent in the promotion of the great tube railway system in London. Later he was director of the underground lines of London as well as of the surface roads. In 1905 he was knighted.

Sir Clifton believed in strap-hanging. Two extra passengers a mile, he once said, meant the difference between profit and loss in a great tramway system.

On one of his visits to New York Sir Clifton gave his rules for success: "Have faith in yourself," he said. "Back yourself as another man could; back his horses; learn all you can; cultivate a sense of humor; and never stand still."

Sir Clifton had great plans for introducing electric roads in China and said he hoped before he died to take a trolley trip around the world.

He married in 1874 Mary E. Martin, of Black Rock, Cork, Ireland.

RECORDS 'QUAKE SHOCKS.

Georgetown Seismograph Indicates Heavy Tremors, Which Are Followed by Series.

(ASSOCIATED PRESS NIGHT REPORT.)

WASHINGTON, Nov. 6.—A series of heavy earth shocks were reported today by the seismograph at Georgetown University observatory. The first occurred at 2:55 this afternoon, and consisted of two heavy shocks lasting two minutes and 40 seconds, with intervals of twenty seconds.

They were followed almost instantly by another series of shocks lasting 3 minutes and 20 seconds.

SANTA CLARA FEELS SHOCKS.

(ASSOCIATED PRESS NIGHT REPORT.)

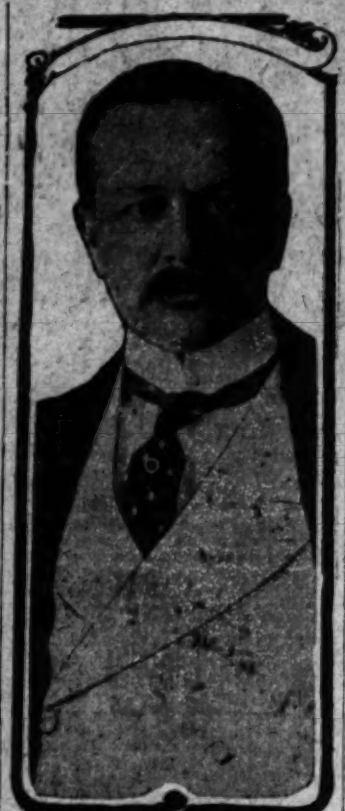

SANTA CLARA, Nov. 6.—The following bulletin was issued tonight at the Santa Clara College observatory:

The earthquake of yesterday has been followed by one today. The registration began at 12:34 this afternoon and lasted nearly half an hour. The main disturbance came without any warning and consisted of three twenty-second shocks of nearly equal intensity. The center is far away to the southeast, beyond Nevada.

ST. LOUIS REPORTS QUAKES.

(ASSOCIATED PRESS NIGHT REPORT.)

ST. LOUIS, Nov. 6.—Heavy earth-shake shocks were recorded on the seismograph at St. Louis University this afternoon. The distance from St. Louis was calculated at 4100 miles, which, it is said, would place the earthquake shocks in the Aleutian Islands, of Alaska.

Secretary Meyer

of Navy Department, who announced yesterday that he favored two big dry docks on Pacific Coast. This portrait is copyrighted by Harris and Ewing.

FAVORS COAST  
DRY DOCKS.

SECRETARY MEYER WOULD ESTABLISH TWO ON PACIFIC.

(ASSOCIATED PRESS NIGHT REPORT.)

WASHINGTON, Nov. 6.—Back from an inspection tour that extended over 10,000 miles, Secretary of the Navy Meyer reached Washington today. He conferred with President Taft and departed in the afternoon for Massachusetts, where he votes Tuesday.

Meantime, he announced there were too many navy yards on the Atlantic and Gulf coasts and that he expected to make some changes in the work of the Mare Island Navy Yard.

Mr. Meyer favors having officially one navy yard on the Gulf coast, this to be supplementary to Guantanamo and to the Panama fortifications. There is no intention to establish a basis on the isthmus, nor is there any intention of placing the construction and pay corps in the line of the navy.

While declining to indicate what navy yards were to be abolished, he admitted that on the Pacific Coast he favored establishing two dry docks. These will be within easy reach of San Francisco.

"IN A MERRY AUTOMOBILE."

PARENTS DEPLORE AUTO ROMANCE.

MILLIONAIRE DENIES DAUGHTER WHO WEDS EXPERT.

(BY DIRECT WIRE TO THE TIMES.)

RHINELANDER (W.Va.) Nov. 6.—[Exclusive Dispatch.] Miss Ethel Robinson of Rhinelander, daughter of a millionaire lumberman, Edward Robinson, has been practically cast out of her home because of her wedding to an automobile expert, who was sent north by a Wisconsin manufacturer to teach her how to run a car that was given her for a birthday present.

Edward Zabel, a handsome young automobile expert, who was sent north by a Wisconsin manufacturer to teach her how to run a car that was given her for a birthday present.

Mr. Robinson bought a big car for his daughter three weeks ago. Zabel was sent out with the machine by the manufacturer. There were many trips throughout the northern country while the girl was receiving this instruction, and finally the next morning she came to Milwaukee and was married.

They were able to secure a special dispensation from Judge W. H. Halsey of the Milwaukee Circuit Court, and were married at once, returning to Rhinelander the next morning where they sought an interview with the girl's father.

Robbins was enraged at the affair as he had a more ambitious marriage in view. Zabel was told that he would have to support his bride on his salary. Zabel, however, is from a good family, and has been promised a promotion by his employers.

ITALY CHECKS CHOLERA.

ROME, Nov. 6.—The sanitary measures undertaken by the government to prevent the spread of cholera are proving effective. The disease has been checked, and the number of new cases reported daily is small.

DEMOCRATIC SENATE IS  
WITHIN POSSIBILITIES.General Political Landslide at Polls Next  
Tuesday Would Be Disastrous.

Twenty-four Retiring United States Senators Are Republicans and If Their Opponents Capture Fourteen of These Seats and Hold Their Own Six They Will Control Both Branches of Congress—Country Canvassed.

(ASSOCIATED PRESS NIGHT REPORT.)

WASHINGTON, Nov. 6.—Great as are the odds against such a contingency, a general political landslide at the polls next Tuesday night result in a Democratic Senate as well as a Democratic House.

Of the ninety-two seats in the Senate, thirty become vacant March 4. Twenty-four retiring senators are Republicans. They are:

Aldrich, Rhode Island; Beveridge, Indiana; Bulkeley, Connecticut; Burkett, Nebraska; Burrows, Michigan; Carter, Montana; Chapp, Minnesota; Clarke, Wyoming; Dewey, New York; Dick, Ohio; Dupont, Delaware; Flint, California; Hale, Maine; Keen, New Jersey; La Follette, Wisconsin; Lodge, Massachusetts; McCumber, North Dakota; Nixon, Nevada; Oliver, Pennsylvania; Page, Vermont; Piles, Washington; Scott, West Virginia; Sutherland, Utah; Warner, Missouri.

The Democrats are making vigorous fights for many of these places, but the Republicans are strongly entrenched. The Republican majority now is twenty-four, and to attain control it would be necessary for the Democrats to gain fourteen of the twenty-four Republican seats, and in addition to hold all of the six seats now held by Democrats.

The Democratic Senators whose terms expire March 4 are:

Cullerton, Texas; Frazier, Tennessee; Money, Mississippi; Rayner, New Hampshire; Swanson, Virginia; Tallaferro, Florida.

ROOSEVELT TO FIGHT TILL ELECTION MORN.

(ASSOCIATED PRESS NIGHT REPORT.)

OYSTER BAY (N. Y.) Nov. 6.—After a week of traveling, in which he covered more than 2000 miles and made speeches in New York, Maryland, Ohio, Indiana and Iowa, Theodore Roosevelt returned to Oyster Bay today for a brief rest before plunging into politics again.

Beginning early tomorrow he will make seven open-air speeches of ten minutes each—five of them before 10 o'clock—then visit his office for a conference and luncheon, and dash out again for two speeches in the afternoon.

Mr. Stimson, candidate for Governor, whom he is supporting, will speak twice tomorrow. In the evening they both will be guests of the Hungarian Republican Club on the East Side where both will speak.

The Colonel reached New York from Cleveland this morning, and after visiting a physician to have his throat treated, came to Oyster Bay by automobile.

When the Colonel finishes his speech tomorrow night, he will have finished one of the hardest fights of his political career. It was a fight into which he has said from the first he was drawn unwillingly, and took up, he maintains, only because he believed circumstances had made it necessary for him, first to "lick the bosses" in his own party, and then to take up the fight for the ticket which he had helped to select.

In all his speeches, Col. Roosevelt asserted the main issue before the people of New York was whether they would accept corrupt alliance between Tammany and Wall Street. Charges that he was seeking to make himself dictator, he characterized as "twaddle."

Nevertheless the attacks made upon him by John A. Dix, the Democratic candidate for Governor, and by former Judge Albert B. Parker, who once ran against him for President, grew so severe that he returned in kind.

Now the fight is nearly over. It is generally admitted that its result will reach far beyond the confines of the state and reach as far ahead as 1912, but what the result will be is a matter in which the Colonel professes to take only an impersonal interest.

T. R. URGES CITIZENS TO VOTE FOR STIMSON.

(ASSOCIATED PRESS NIGHT REPORT.)

NEW YORK, Nov. 6.—Theodore Roosevelt urged the Republican candidate for Governor, Henry L. Stimson, (Continued on Second Page.)

DRAMATIC.

LAWYER SAYS HE'LL  
FIND BELLE ELMORE.Prominent Philadelphia Attorney to  
Ask State Department to Save Crip-  
pen From Gallows—Says Wife Has  
Been Seen in America.

(BY DIRECT WIRE TO THE TIMES.)

PHILADELPHIA, Nov. 6.—[Exclusive Dispatch.]—Francis Tracy Toole, a prominent attorney of this city, left for Washington at midnight tonight to demand that the State Department intervene and save Dr. Harvey Hawley Crippen from death on the gallows Tuesday morning, on the grounds that Mrs. Belle Elmore Crippen is still alive.

He will request that the Secretary of State cable at once to the American Ambassador, asking that the latter petition the Home Secretary of Great Britain to order a stay of execution until Mrs. Crippen can be produced in the flesh.

Before leaving he said: "Belle Elmore still lives. When she is found it will be in the vicinity of Chicago, where she is in hiding. I have letters in my possession from people who know her and who have seen her since she is said to have been murdered by her husband and her body buried in his London house."

These people have not only seen her, but they have spoken to her, and she has not denied her identity. She was first seen in San Francisco. Later she was seen in Chicago, and after that she was seen and spoken to in several cities south and east of Chicago. She is alive, and if given a little time I will find her. I do not think that Dr. Crippen will hang for her murder."

"I am of the firm opinion that she is in hiding to carry out the most complete plan of revenge in the annals of criminal history. If a stay of execution is granted I will start out at once and guarantee that within a very short time I will prove that the woman who is supposed to be dead is, on the contrary, very much alive. There is no time for delay. Red tape will have to be dispensed with."

DISASTROUS.

HEAVY TRAINS MEET  
AT FOOT OF GRADES.

(ASSOCIATED PRESS NIGHT REPORT.)

SPOKANE (Wash.) Nov. 6.—Eight persons known to be dead and four more or less seriously injured as a result of one of the most disastrous freight wrecks in the history of the Great Northern Railroad, near Chatterbox, Wash., early this morning.

The wreck was the result of a head-on collision around a sharp curve in a deep cut, fairly at the bottom of two steep grades. Two heavily-loaded trains, running at an exceptional rate of speed, combined almost every condition possible to make an impact disastrous.

Traffic on the main line of the Great Northern will have to be suspended from forty to forty-eight hours.

Train No. 41, running on its regular schedule, west bound, collided with the "apple extra," east bound, running on a fast schedule between Hillyard, Wash., and Troy, Mont. Every man of both train crews who happened to be near the head of his train is dead. One brakeman saved himself by jumping, but he is seriously injured. The brakemen who were in the rear of the trains escaped with minor injuries.

The loss to the company is very large. A pile of nineteen cars, of train No. 41, jammed into the space of an ordinary living-room, caught fire immediately, and was speedily reduced to ashes and tangled iron. Beneath this debris are the bodies of three trainmen.

The known dead are:

H. L. HEPBURN, engineer No. 41, body recovered.

JOHN BLANCHARD, fireman No. 41, body recovered.

JOE KEEFE, conductor No. 41, body not recovered.

ALLEN GLASS, engineer apple extra, body not recovered.

UNKNOWN MAN, No. 41, charred remains removed from fire.

TWO UNKNOWN BOYS, No. 41, charred remains recovered.

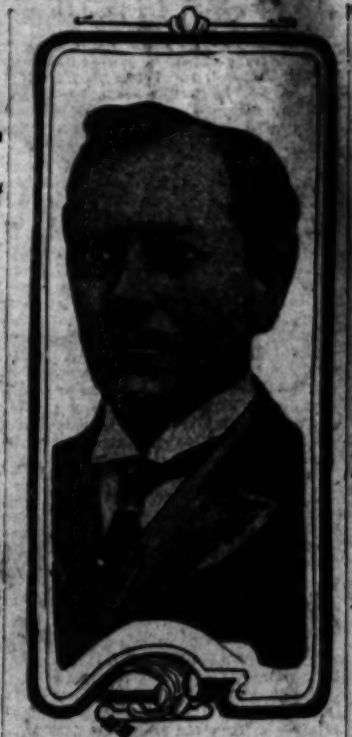

The injured are:

Scotty Dempster, fireman apple train, shoulder dislocated, had cut on the head.

Horsfall, conductor apple train, bruised.

Charles Bolton, brakeman No. 41, head cut.

R. J. Armstrong, Chopaka, R. C., slight bruise.

Gov. Haskell

of Oklahoma, who says militia will be used to enforce State law at election against ruling of Federal authorities.

EXPECT TROUBLE  
IN OKLAHOMA.

FEDERAL AND STATE AUTHORITIES CLASH ON NEGRO VOTE.

(BY DIRECT WIRE TO THE TIMES.)

ARRESTS BY UNITED STATES OFFICIALS WILL FOLLOW ATTEMPTS TO PREVENT BLACKS WHO CAN READ AND WRITE FROM CASTING BALLOTS—NATIONAL GUARD IS ARMED.

GUTHRIE (Okla.) Nov. 6.—[Exclusive Dispatch.] Preparations are being made for a conflict between federal and state authorities at the State election next Tuesday over enforcement of the new grandfather clause amendment to the State constitution.

Arrests under Federal laws against conspiracy will follow attempts to prevent negroes who can read and write from voting. Federal Attorney John Embury's ruling that a negro's ballot must be accepted if he makes affidavit that he can read and write has been forwarded to Federal Commissioners throughout Oklahoma with instructions to enforce Federal election laws. The Federal authorities have jurisdiction because congressmen will be elected.

The State Supreme Court has decided the grandfather clause constitutional, and Seth Gordon, the State election board's secretary, has wired all election officials in Oklahoma that their returns will be thrown out if they accept affidavits of negroes who attempt to vote as proposed by the Federal authorities.

In Oklahoma City three thousand rounds of ammunition have been received at the headquarters of the local National Guard Company, and all its members notified to assemble next Monday for drill, as the company may be called out election day. Gov. Haskell has said that other militia companies will be held in readiness.

At Republican headquarters it is said only negroes who can read and write 75 per cent. of the State's negro vote will attempt to vote.

Facing trouble with the Federal authorities, many election officers have resigned and, it is claimed, irresponsible persons have taken their places. Many other election officers are attempting to resign.

Gov. Haskell and Attorney General West conferred today in Oklahoma City on Federal Attorney Embury's election ruling. Today a final campaign was made by the prohibitionists against the adoption of the local option amendment, every pulp in the State being occupied by temperance orators.

Farmers who came to the cities yesterday to trade were given free lunches and hot coffee by women of the temperance organizations, churches and Salvation Army, and this plan will be followed again tomorrow and all of election day.

Indications are that the local option amendment will be defeated in the State. Bets are being placed here three to one that Congressman Bird S. McGuire, Republican, will be re-elected from this district.

JAIL LOS ANGELES MAN.

Long Island Authorities Commit Aviator's Former Manager on Charges Made by 'Plane Builder.'

(BY DIRECT WIRE TO THE TIMES.)

HEMPSTREAD (L. I.) Nov. 6.—[Exclusive Dispatch.] Because he could not furnish the required real estate bond for bond for bail, R. L. Matteson of Los Angeles, Cal., who has been spending several weeks at the Garden City Hotel, is in the Nassau County Jail tonight pending his hearing tomorrow morning before Justice of the Peace Gittens on the charge of grand larceny brought by Albert A. Tricac, manager of the International School of Aeronautics at Garden City, Tricac was manager for Alfred Le Blanc during his attendance at the international aviation meet at Belmont Park. It is alleged by Tricac that on Monday night Matteson came to his shop in the suburb of 9:30 p.m., and took away an Anzani engine which Tricac valued at \$1500. He asserts that for several weeks he has been building a monoplane for Matteson which he found difficult to complete because the California made no many changes in the original plans.

Matteson says he has already paid Tricac \$500 for building the machine.

GIVE CASH  
FOR RIOTS.Unionites Aid Striking  
Ruffians.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Nov. 6.—[Exclusive Dispatch.]—Staying respectful the settlement made by the national officers, the Garment Makers' Union members, inflamed and egged on by Socialist soapbox orators, will continue their riots.

Now that relief funds, food and other assistance in every form (other than the rioting business) are plentiful and enjoyable than regular employment.

"Moral" and financial support was voted the striking garment workers today by the Chicago Federation of Labor, an special meeting of the executive board will be held in the morning, and an appeal for immediate financial aid will be addressed to all labor unions in the city.

WILL DRAFT NATIONAL GUARD.

A memorial petition, signed by the conditions in the clothing industry in Chicago and giving a history of the strike will be drafted by the executive board and sent to the officers of the American Federation of Labor, who are expected to present it to the annual convention which opens in St. Louis a week from today.

It is the purpose of the memorial to have the strike removed from the jurisdiction of the American Federation of Labor, and a national strike committee organized against the interests of the Chicago tailor shops unless a satisfactory settlement is reached this week.

Mass meetings of garment workers were held in different parts of the city today, and the terms of settlement were unanimously rejected. The strikers declared that the fight would be prosecuted more vigorously than ever, and that nothing short of complete recognition of the union would satisfy them. At every meeting speakers attacked President T. A. Ricker, of the United Garment Workers, for recommending a settlement that did not include full union recognition.

ATTACK THEIR LEADER.

THE TAX QUEST

Prof. Philip Disraeli...  
SAN FRANCISCO, Nov. 6.—(To the Editor The Times.)  
I have been reading your editorial on the tax question, and I am sure that you are right in your opinion. I am sure that the tax question is one of the most important of the day, and I am sure that you are right in your opinion. I am sure that the tax question is one of the most important of the day, and I am sure that you are right in your opinion.

YANKEE PRINCE

BRONSON SHOW.  
ACTORS' CLEVER PLAY.  
AND CLEVER STAGING.  
The author of "The Yankee Prince" is the best of the recent musical comedies. It is a clever and original play, and it is a clever and original play. It is a clever and original play, and it is a clever and original play.

IT CROWNS OR "QUEERS"

The Hat is the most conspicuous article of attire. It either crowns a man, or "queers" him.  
The "crown" goes to style, quality, and that note of individuality that proclaims it HIS.  
Our Hat styles, show all the very latest varieties and gradations that meet the little differences in men. And we have salesmen who know the Hat for you.

**NEW VELVETEENS**, 24-inch width; black and colors; \$1.25; 70c and 50c yd.

**CORDUROY VELVETS**, 27-inch; 75c.

Embroideries 90c a Strip and Up

We begin today the sale of a lot of handsome embroideries, in the strip, secured by us at such prices that their cost to you will be much lower than usual.

MILL END STOCKS

strips of 4 1/2 to 10 yards; widths 9 to 18 inches—matched sets, insertions and edges; priced at 90c strip and higher, according to quality. Sale continues three days; but naturally, first choice will be most satisfactory.

3-Piece Suits Reduced

Unlooked-for warm weather during October has left us with a greater number of three-piece suits on hand than we desire at this time of year; to reduce stocks, we have reduced prices to a point where no woman who desires one of the most fashionable present-day garments can afford not to buy. There are too many styles, at too many different prices, to permit of details:

Smartest Models and Shades

In black broadcloth, braided and made with chiffon blouse valued over Persian; London smoke, coat Persian lined in similar tones; handsome blouse accompanying the suit.

Rose colored albatross, with Dresden blouse; Saddlebrown albatross—a Fifth Avenue model.

Touches of hand embroidery, and real lace add the note of individuality to every one of these charming garments, now so sharply reduced from prices originally very fair.

See the Window of Furs

Every good fur, and many novelties that not every store shows—Tasmanian opossum and raccoon being favorites. All our furs are guaranteed, and we buy from the most reliable furriers only.

All Styles of Gloves to Suit All Shapes of Hands

What would you think of the store that had only one style of suits to show you; or one size in rugs, or nothing but taffeta silks? The style of suit that fits you might be exceedingly unbecoming to your neighbor, maybe her rooms are long and narrow, while yours are big and broad, these are simply illustrations of a fact that we want to drive home to every one of you—namely—THAT

One Style of Glove Will Not Fit Every Hand

For example—possibly you've the long, slender hand illustrated in the center of the accompanying group; we select probably a French glove—of which we carry several very good makes—for you.

Or maybe you've the typical American hand, shown on the left—such a hand requires a very different style of glove from the first; shorter fingers, longer thumb, wider wrist. Plenty of American and imported gloves to fit your requirements.

And if either of these fail to fit really correctly, because you've the short, plump hand shown at the right of the illustration, we fit you with a German glove, because they manufacture just such styles.

No country that makes good gloves is without representation in our glove stocks—our constant aim is to carry in stock a half dozen different styles and weights of gloves, to fit any shape of hand. Let us demonstrate our ability to really FIT you in first-class gloves.

Dress Trimmings

Foreign Novelties Opened

The wonderful variety of exquisite effects makes it safe to predict one of the greatest seasons in years for richness and elaboration of trimming. Nothing is too rich or too magnificent, yet throughout there is true harmony.

The Influence of the Orient

Is prominent; Persian colorings are everywhere, and many designs are characteristically Eastern. Metallic effects are favorites, beads of rubber or wood sprinkle everything, and the color gamut has apparently no end.

Among the Favorites Are

Garnitures, novelty pillowcases, bands and galleons, most of them separable into trimming motifs; all of them made almost entirely by hand in exquisite fashion.

Fur Will Be Much Used in Trimming

Our stocks are exceptionally complete, with new arrivals at frequent intervals.

OCTOBER CIRCULAR OF THE TIMES

The following are the contents of the circulation of the Los Angeles Daily Times for October, 1910:

## Live Doings in Field of Sports.

## DOUBLE HONOR FOR VERNONS.

## Haps Take Two Closing Games From Beavers.

## Players Allowed to Fatten Batting Averages.

## Season's Final Contest is Very Large Joke.

Vernon, 3; Portland, 2. Morning game. Vernon, 7; Portland, 4. Afternoon game.

If all the ball games in the world were like those two games yesterday they would up the Pacific Coast League season, there would be no player on any team that would hit less than .300 and everyone would be a star. The day was rather a weak end to a good season but no one expects much on the last day, when the players are tired. However the proceedings permitted the men to fatten their batting averages for the pitchers did not try. There were no demonstrations of any kind.

The first game was on the square for the little of the drop-the-handkerchief business about it and the second game started out like a real one but along about the seventh inning the players got frisky and some of them actually showed more pepper than they have at any time during the season. Garrett began to lob the ball over and the Vernons made five runs and suddenly changed their line up. Carson went to third base, Kittle Brasher pitched, Lindsey played left field, Henshaw, right, Willett second and then first base; Hitt went to second, Raleigh in right and Hogan pitched. Garrett went to short for Portland, Olsen pitched and Rapp gave up first base to a local character called Mutt. In such a manner the final game of the season ended.

Neither game was much in a baseball way but the antics in the afternoon made a lot of fun for some of the 4000 fans present. Those that expected real baseball in the final game had another guess coming.

The only two features of the day that any one will remember were the home run by Carson over the right field fence in the morning that scored Schafer and won the game for Vernon and a big bouncer by Henshaw in the afternoon game. The players were tired after their long season and while some of them cavorted around in a lively manner it was noted that no one was trying to make any records for vivaciousness. Twenty-four hits by Vernon and twenty-five by Portland in the two games shows that the pitchers were tired and that a large percentage of the hits and runs were in the nature of gifts.

The fans took real interest in the first game at Vernon for it kept them busy from start to finish. Menor started the first run for the Beavers with a hit to first and Ort started with the ball over first for a single. Rappes flew to home and he threw the ball toward second base but it went by. Vernon and twenty-five by Portland in the two games shows that the pitchers were tired and that a large percentage of the hits and runs were in the nature of gifts.

With two outs in the third Ross doubled over first and scored on Roy Brasher's hit to left and nothing more happened until the fifth, which Schafer opened with a swing to center. Kittle followed with a homer over the right field fence and Schafer scored ahead of him.

The Beavers might have scored in the seventh, eighth or ninth but for three fast double plays that shut them out while Vernon made three singles in the eighth after two were out and could not register. There were no plays in the game worthy of notice for things were allowed to run smoothly.

**HORSE PLAY GAME.**

The second game was another one of large and comical antics and the distinguishing thing was the manner in which the Vernons switched themselves around in the last two innings of the game. Hitt pitched and Rappes the pitchers and they were very good natured, as the event column shows. The game would have been a good one for hits had it not wound up as a joke and the horse play killed all interest.

Ryan stepped and was forced at second by Olsen and then after Krueger

## HORSEMANSHIP EXPERTS. IN A LIVELY TOURNAMENT.

MORE than one hundred horsemen participated in the lively tournament of equestrian sports, held at the Indian Village yesterday afternoon, as a benefit for the sufferers through the Times Building disaster.

Nearly a thousand persons were present and more were satisfied with the programme of expert horsemanship. Many representatives of the old Spanish families were present and showed their pride in the clever work of the vaqueros. Not only did the men join in the sports, but several women convinced the crowd that they are almost as expert managing horses. The woman who took off the honors of the day was Mrs. "Del" Blanchet. Her mount in which she curbed her spirit, mounted brought her vociferous cheers.

The programme opened with a grand entry to the fenced arena, around which the spectators sat, led by Capt. J. S. Hendrickson of the Out West Riding Club. They executed the serpentine and single file and then two abreast. They were halted in the form of a circle, the heads of the horses pointing outward. Capt. Hendrickson gave another command and all about faced and rode, double quick, to the center of the ring, thence they made the exit, one by one, from the arena.

As a contrast to the rough riding of the afternoon a five-gaited horse contest was scheduled and brought out some of the finest saddle horses in the city. It took the judges some time to decide which of the five entrants should carry away the ribbons, and several of the nag's were made to go through their stunts two or three times. Finally J. M. Martin's Mustang was awarded the first prize, and the red and white ribbons were given respec-

had popped to Lindsey Sheehan hit a grounder through Roy Brasher, Olsen scoring on the error and Sheehan going to third. This third run on Menor's double to left. Two singles and two doubles scored two more runs in the eighth and fifth run came from Menor's triple and Rappes' hit.

In the first for Vernon Henshaw doubled to left and after a single Roy Brasher sacrificed and a single by Coy and a double by Kite Brasher scored Henshaw and Rappes.

Vernon could do little with Garrett in the second, third, fourth, fifth and sixth innings but in the seventh he got his. Carlin's Henshaw and Ross singled and then after Willett had flied to center, Coy hit a grounder to Olsen which was juggled and Kite Brasher doubled over first base. Olsen then went in to pitch, Garrett took his place at short and a local character called Mutt took Henshaw's place at first and during the remainder of the game the players on both teams forgot the noble art of baseball in order to give this Mutt numerous chances to handle the ball. Willett hit a double to the left fence for instance and after touching second base started back to first and finally allowed himself to be caught by the pitcher. The bases were ANY quantity of such foolishness.

Kite Brasher and Hap Hogan pitched for Vernon in the eighth and ninth innings; Vernon switched its players out of their regular places and game warden force. The majority of the fans seemed to like this kind of business and they paid their money to see the game.

**SENATORS LOSE FINAL CONTEST.**

**DELHI BLANKS THEM FOR FINAL ANGEL VICTORY.**

Keeps the Seven Swats Scattered Through as Many Innings and Is Given Perfect Support—Tail-Enders Try Out New Basher. Graham Retires for Good.

(BY DIRECT WIRE TO THE TIMES.)

SACRAMENTO, Nov. 6.—(Exclusive Dispatch.) Taps were sounded for the Senators and the Angels broke even on the series, by shutting out the Senators, 4 to 0.

Delhi, Dillon's giant slasher, was sent to the left fielder, the Angels and Danny Wright, a local buster, saluted forth for the Senators. It is doubtful if Wright will find steady employment in the big brush after his showing, second in the batting column in connecting with his shoots at opportune times, while his nerves were jarred in the eighth, three men walking.

Wright was stung for a total of eight hits by the Angels, touched safely seven times, allowing but one hit in each of the innings that safeties were gathered. It was due to his combing of hits and the snappy fielding behind him that allowed the big Southerner to secure a shut-out on his last journey to the mound for the season.

Delhi also batted 1000 for the day, securing three singles and a walk out of four trips to the plate. Hank Perry, the hard-hitting fielder of the day, scored in the eighth, three men walking.

**OAKS TAKE TWO.**

**DEFEAT SEALS EARLY.**

(ASSOCIATED PRESS WIRE REPORT.)

SAN FRANCISCO, Nov. 6.—Playing in form, that would have won the pennant had it been displayed somewhat earlier in the season, Oakland took the last two games from San Francisco in the morning. The morning game was a rout, and his mates played a string of ciphers in the error column. Oakland took the game by a count of 10 to 0. In the afternoon, every Oakland man hit Miller safely, some of them twice, making thirteen hits. San Francisco supplied in support what Miller lacked in control, and Oakland was held to two runs.

**FOR A CAUSE.**

Lively to Miss Everett's May Standard and L. Markville Viebricht.

The most popular event was the pushball contest between Los Angeles and Pasadena. The contest was a benefit for the sufferers through the Times Building disaster. The Pasadena players are old-timers at the game and their ponies seemed to enjoy the sport as well as their riders. The local team was new, but the players were more reckless in their efforts to get the ball over the line. "Art" Acord, who was introduced as "the world's champion broncho buster" by Hendrickson, was a member of the home team, and in one of the rushes down the field his horse was knocked over and fell heavily on the rider's right leg. The injury was not serious enough to prevent him riding two unruly nudes later.

James S. Hogan, the Pasadena polo player, won the potato race, and Mrs. Blanchet tied with Acord for second place. In a match between the two for the privilege of wearing the red ribbon broncho buster was defeated. The riders failed to understand the instructions in the contest, and the event was a failure from the standpoint of contest, but caused much laughter.

After fancy rope throwing by Blanchet the programme concluded with Acord's riding of a few "wild" nudes. The first did not have a buck in him, but the second succeeded in dismounting Acord. However, it was not all Acord's fault. His horse was not clutched tight enough and slipped on the mud's neck. Acord was game, and after the animal was again added he rode around the enclosure several times.

The official participants in the tournament were the Hollywood Riding Club, the Out West Vaqueros, the Pasadena Polo, and the Los Angeles Riding Club.

**THREE RUNS, JUST THREE MORE THAN SAN FRANCISCO GOT. Score, first game: Morning game:**

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

BOY IS BEATEN  
BY ANGRY BURRO.SEVERE INJURIES INFLICTED BY  
PET ANIMAL.

Youngster is Found Unconscious by the Path Leading From the Corral to the Watering Place Bleeding From Bruises and Suffering From Internal Injuries.

Office of The Times, 218 S. Raymond avenue.  
PARADENA, Nov. 7.—While leading his pet burro out to water yesterday morning, Eugene Hicks, 9-year-old son of I. M. Hicks, of Lancaster, was pounced upon by the burro and severely injured. There were no eye witnesses to the accident.

After being absent from the house some time a search was started, and the little boy was found beside the path leading from the corral to the watering place, unconscious, torn and bleeding from many wounds. He was hurriedly picked up and taken to the Pasadena Hospital, where his wounds were dressed. The physician stated that no bones were broken, but the child's flesh was torn and several body organs were bruised. He is suffering from internal injuries.

The animal was supposed to be perfectly gentle and docile.

**INJURED BY BICYCLIST.**  
While attempting to cross Colorado street near Broadway last yesterday afternoon, Mrs. J. M. Hicks, an elderly woman living at No. 235 Broadway street, was run down by Elmer Cox, 35 years old, who was riding a bicycle. Both were taken to the Emergency Hospital, where their wounds were dressed, and they were later taken to the Pasadena Hospital. Mrs. Hicks received a fractured left wrist and a lacerated left leg, while the boy received a deep scalp wound on the left side of his head.

Cox was exhibiting his skill as a bicyclist, and was going down Colorado street at a lively rate when he ran into the old lady, and before he could stop his wheel he had knocked her to the pavement.

**NOTED WOMAN DIES.**  
Mrs. Mary Louise Atterbury, wife of Dr. H. C. Atterbury, died at her home, No. 184 South El Molino avenue, yesterday morning, aged 52. She had been in poor health several months, and death was due to a weakened condition of her system.

Mrs. Atterbury spent a large part of her life as a Presbyterian missionary in China. She was a daughter of Rev. Rufus Lewis, one of the oldest American missionaries in China. She was born at Princeton, N. J., and went to the missionary field with her husband, Dr. Atterbury, who was also a Presbyterian missionary in China, and they were married at Peking, China. For many years they had charge of the hospital at that place. Their two oldest children were born in China.

Ten years ago Dr. Atterbury and family moved to Pasadena, where they have taken a prominent part in church work, especially in foreign missionary activities. They had been members of the Pasadena Presbyterian Church since coming here. Mrs. Atterbury's death was a great loss to the church. She was a devoted wife and mother, and a successful missionary.

Mrs. Atterbury was a native of Princeton, N. J., and was a member of the Pasadena Presbyterian Church. She was a devoted wife and mother, and a successful missionary.

**ROUND ROBIN GOLF.**  
Going on the Annandale Country Golf Club course has started off with a vim. The course is in excellent condition and the players are taking added interest in making the coming season the best on record. The November Four-ball Round Robin Tournament was started Saturday. Thirteen teams have entered the tournament, so far, and others are promised. The rules provide that every team must consist of four players, and that the first team to win three matches out of four will be the champion. Five teams played Saturday. The results were Turner and Martin won from Robinson and Marshall 1 up; French and French won from Carter and Crump 1 up on 19 holes; Hyington and Wright won from Clark and Harris 1 up and 2 to 0; Kleinberger and Knapp won from Allen and Wrenn 4 up and 2 to 0; Mackey and Grimsby won from Reynolds and De Witt 3 up.

The Pasadena Tennis Club which was organized last spring by the crack tennis players of Pasadena will give its first tournament on the Marysville courts December 1, 2 and 3. One of the interesting plays will be for the championship of Southern California in men's doubles. There will probably be other championships arranged besides the club championships. Tom Bundy, runner up in the national championship last summer when he was beaten by W. A. Larned, will play an exhibition game with Melville Long of San Francisco. The Suttons, Fred and Miss Hotchkiss of Berkeley will also play during the tournament.

H. B. Barrington died at his home No. 11 Arcadia street last night of Bright's disease, aged 35 years. He was a native of St. John's, Newfoundland, and came to Pasadena nine years ago from Vermont. He became widely known two years ago on account of his \$20,000 damage suit against the Pacific Electric Company. He was riding on the front platform of a California street car when the car was driven into a building and he sustained a broken arm and leg as well as other injuries. Mrs. Barrington has conducted a furniture and drapery store on Arcadia street for several years.

**SHOWS CAMPS AND SCHOOLS.**  
The illustrated lecture of the Rev. Albert Hicks at the Pasadena Presbyterian Church last night was appreciated by a large audience. For several years he has been employed by the Home Missionary Society and has been engaged in the work among the mining and logging camps of California and Nevada. The slides were of various scenes where Sunday-schools and churches have been established.

The announcement of the cast of characters in the society play "The Maryland Outdoor Theater" the 25th and 26th inst., under the auspices of the Emergency League, has been made yesterday. They will be Helen Bertram as Josephine; Mrs. Temple, as Lillie Hutton; Margarette Torrey, as Hebe; C. McDonnell, as Sir Robert Porter; Mrs. H. Leslie, as Capt. Corcoran; Edna Temple, as Ralph Rackstraw; J. H. Bragdon, as Brewster; George A.

Clark, as Dick Dandies. The new theater will be provided with twelve boxes. All of the boxes for the first night have been sold and a part of the boxes for the second performance have been taken.

A charming affair of Friday night was the informal entertainment given by Miss Beach, president of the senior class of the Orton school, in honor of the members of her class.

The Choral Club of Pasadena, Mrs. W. B. Clapp, director, is making extensive plans for an interesting season. The club has twenty-five members.

Plans are under way for the formation of an oratorio society in Pasadena. The first meeting was held at the Margaret F. Fox play at which F. Shaul Hallet was named as director.

Bulletins giving election returns will be displayed Tuesday evening at the Pasadena office of The Times, No. 218 South Raymond avenue.

**WILL BUILD LAUNDRY.**  
Company Incorporated for Business Establishment to Be Installed in Alhambra.

ALHAMBRA, Nov. 6.—The Alhambra Laundry Company has incorporated with a capital of \$25,000. The concern has begun excavating for their new building at Stoneman avenue and Mission street. The new laundry is to be a brick construction with cement floor throughout, and will cost, including the machinery to be installed, \$15,000. The company is composed of W. M. Northrup, president, and W. H. Cutts, treasurer.

City Attorney Walter F. Haas has been instructed by the Board of City Trustees to prepare an ordinance requiring that all new buildings in this city to sell or lease to each other the right to use their poles. The idea is to reduce the number of poles now in use in many instances both companies have poles on the same street, and it is argued that one pole would be sufficient for both.

The Alhambra Engineering and Contracting Company has been incorporated with a capital of \$25,000. The officers are: President, Frank Kelly, Alhambra; Vice-president, J. A. Tennyson, secretary and treasurer, R. Myron Woolport, both of Alhambra.

**FOS-RES-O CHOCOLATES, PLEASED, SATISFIED.**  
Woman Pioneer of the Dixie Dies at Home in Covina—Came With Ox Team.

COVINA, Nov. 6.—The funeral of "Aunt Hannah" Overholster was held Friday at the Church of the Brethren, conducted by Rev. S. H. Lehner of Los Angeles. Mrs. Overholster was one of the pioneer women of California.

Her husband was Elder Peter Overholster, who was a member of the Covina Church ten years, and who came to California over the old trail with an ox team and his bride. That was in 1844. They settled on the Sacramento River, but in two years returned to the East by the way of the Isthmus of Panama, and seven years later took up another tract in the Covina valley.

When Mr. and Mrs. Overholster took up their abode in this valley there were only six settlers here. "Aunt Hannah" was the mother of seven children. The oldest living son, Mrs. Anna Wolfe, Letthrop; John M. Overholster, Sherwood, Ore.; David J. Overholster, Mrs. Perry Bader, and Miss Emma Overholster of Covina.

Good Progress Reported in Santa Monica on Securing Part of Fund Needed for Auto Meet.

SANTA MONICA, Nov. 6.—The committee of citizens interested in the task of raising funds in support of the automobile road races to be held here by the Los Angeles Licensed Dealers Association, on Thanksgiving Day, is meeting with encouragement in raising the \$2000 that will be required. This money is to be used in providing police patrolmen to cover the course at every point during the progress of the races. The Santa Monica Land Company is the largest contributor, having donated \$300. Several other citizens and race enthusiasts each donated \$100.

The work of placing the bridge across Nevada avenue, which has been commenced. This will give ingress and egress to the Palisades and all the portion of the city lying north of Nevada avenue, which forms one leg of the course. The elevated bridge will have long graduated inclines and will be traversed by pedestrians, automobiles and vehicles of all descriptions while the speed contests are in progress. The bridge will be just as solid last year, each timer having been numbered when the structure was torn down after the races last season.

**FOS-RES-O CHOCOLATES, PURE, NUTRITIOUS.**  
Falls and Dies.

Glendale Resident Receives Summons on the Street.

OLENDALE, Nov. 6.—Charles H. Shackford, for some time a resident of this city, died suddenly yesterday. He was walking on the street when he fell. The end came instantly. Apoplexy is the supposed cause.

He was a native of Conway, N. H., and 79 years old. He leaves a widow.

**FOS-RES-O CHOCOLATES, MOST POPULAR.**  
SOLDIERS' HOME.

SOLDIERS' HOME, Nov. 6.—Olney Debbins, a former chief engineer here, returned yesterday after two years' absence in Paris, where he has been prosecuting study of the violin under Franz Wilek.

Capt. A. Hurlbut, money order clerk in the local postoffice, left for San Francisco yesterday on a sixty-day furlough to Geneva, Switzerland, where he is a member of the Home Company K, 1st Infantry, 2nd Regiment.

Ernestus Renfro, formerly of Company A, Forty-eighth Iowa Infantry, a native of Illinois, admitted from Fresno in 1908, died October 31, aged 72.
